Raj Kumar Kandoi

From the Chairman's Desk

Welcome to the Mayoor School Jaipur under the aegis of **Mayo College General Council** where excellence in education and student-oriented learning holds the priority. Our institution has come into existence to promote education and culture in all aspects to achieve and fulfil the mission statement that we believe in.

Choosing where to start your education is a major decision and I believe that Mayoor School Jaipur will be a choice you will not regret, especially if you are ambitious and determined to succeed. The school aims to provide unmatched qualitative education par excellence. Our focus is to train children to become autonomous learners.

Mayoor School Jaipur prides itself on the mental, physical, emotional and spiritual development of its students. We strive to impart knowledge that encompasses the **integrated curriculum** (National & International) of the institution as well as that of the world that lies beyond the classroom. We endeavour to shape well-rounded personalities that will contribute positively to society. We shape our students for a globalised future, where changes take place every second and decisions have to be taken on the spot.

Child's mind is a highly productive machine. Teachers need to make sure that they tune this machine in such a manner that it becomes respective. The staff at Mayoor School Jaipur are highly committed to the aims and ethos of the school and dedicated to developing the full potential of all.

Success at school begins at home. Parents are the single most important variable in a child's schooling. Parents model both silent and spoken language in front of their children daily. The close partnership between home and school is one of the exceptional strengths at Mayoor School Jaipur. Hopefully, we can provide time for our children to be children. The reality of the adult world will be there all too soon. As children grow and learn, they find joy and satisfaction in working closely with their families towards a common goal. Such is the case with the students at Mayoor School Jaipur.

The children are the heart of our school. Our children are incredibly welcoming, so new pupils quickly feel a part of our school community.

Mayoor School Jaipur is a wonderful community, being friendly and welcoming to all newcomers. We believe children learn best when they feel safe, so we have an ongoing focus on providing a caring and culturally aware environment. We offer programs to support children with needs as well as extendable students within our classroom programs.

Improving student learning is the basis for all decisions made at Mayoor School Jaipur. At our school, students are learners today, and leaders tomorrow. Our mission is to prepare our students to be independent, lifelong learners and productive citizens of the world by providing safe, stimulating and challenging educational experiences.

I conclude my message with an invitation to you to visit the Mayoor School Jaipur, where teaching and learning are simple and enjoyable and most importantly, within the reach of students.
