MAYOOR SCHOOL JAIPUR

IN COLLABORATION WITH MAYO COLLEGE GENERAL COUNCIL

PROSPECTUS

#BeTheLight

#LEGACYMatters

150 years of Mayo College, Ajmer amplifies the idea of promoting equal opportunities for education to one and all.

9th July 1980 was the day of initiation for Mayoor School under the auspices of the Mayo College General Council. It was the vision of the erstwhile President of Mayo College General Council late H.H. Maharao Bhimsinghji of Kotah to serve the noble cause of providing high-quality education to the discerning students of our nation. The Mayo College General Council has been the visionary force that provides the direction for the establishment of Mayoor Schools in different parts of the nation and across international shores. Holistic education nurtures the intellectual, emotional, social, physical, creative, aesthetic and spiritual potentials of our children. We propose a tradition for education that leads to individual distinction, self-assurance and pragmatic progressiveness. Creating opportunities and pathways for the future is the core objective of Mayoor School Jaipur.

WHY MAYOOR?

Mayoor School Jaipur offers holistic student experience, featuring academics, enriching extracurriculars, personal growth opportunities, a supportive community, & a pathway to a brighter future.

- Abundant Extracurricular Activities
- Diverse Clubs
- Exciting Field Trips
- Convenient Transport
- Day Boarding & Hostel Facility
- Thrilling Sports Activities
- Integrated Curriculum
- Outcome-Driven Education

Raj Kumar Kandoi
Chairman

FROM CHAIRMAN'S DESK

Welcome to Mayoor School Jaipur, under the aegis of the Mayo College General Council, where excellence in education and student-centered learning is our top priority. Our institution was established to promote education and culture in all aspects, fulfilling our mission statement and guiding principles.

Choosing the right school is a major decision, and I believe that Mayoor School Jaipur will be a choice you will not regret, especially if you are ambitious and determined to succeed. Our aim is to provide unmatched, qualitative education of the highest standard, and we focus on training our students to become autonomous learners.

Mayoor School Jaipur takes pride in the mental, physical, emotional, and spiritual development of its students. We strive to impart knowledge that not only follows the **integrated curriculum** (International & National) but also prepares students for the world beyond the classroom. We endeavor to shape well-rounded personalities who will contribute positively to society. Our goal is to prepare students for a globalized future where change is constant and decisions must be made swiftly.

A child's mind is a highly productive instrument, and teachers must nurture this potential to make it receptive and effective. At Mayoor School Jaipur, our dedicated staff members are committed to the school's ethos and to helping every student reach their full potential.

We believe that success at school starts at home. Parents are the most significant influence on a child's education, modeling both spoken and unspoken behaviors daily. The strong partnership between home and school is one of Mayoor School Jaipur's greatest strengths. We recognize the importance of allowing children to enjoy childhood, as the responsibilities of adulthood will come soon enough. Our students find joy and satisfaction in working closely with their families to achieve common goals, which is a hallmark of our community.

Our students are the heart of our school. They are incredibly welcoming, and new pupils quickly feel part of our community. Mayoor School Jaipur is a friendly and inclusive environment where every child feels safe and supported. We offer programs tailored to students with diverse needs, including those requiring additional support and those ready for greater academic challenges.

At Mayoor School Jaipur, all decisions are made with the goal of improving student learning. Our mission is to prepare our students to be independent, lifelong learners and productive global citizens by providing safe, stimulating, and challenging educational experiences. Students here are learners today and leaders tomorrow.

I warmly invite you to visit Mayoor School Jaipur, where teaching and learning are simple, enjoyable, and accessible to all students.

#TransparentCompetency

THE MAYOOR VISION

Fostering empathy, integrity, perseverance and autonomy in our students, through burgeoning competence, who will serve with zeal and breadth of capability.

Whether you are a teacher or a student at Mayoor School Jaipur, you are continuously escalating your performance. We build a sense of purpose at individual levels and always create opportunities that further hone inlaid talents. We make sure that your child's competence is not subject to your time-phased circumstances. They have the inner vision to realise that they possess the skills to work at the best of their capabilities, we at Mayoor School Jaipur, just add that directional compass which helps them identify the way forward.

"Tell me and I forget, teach me and I may remember, involve me and I Learn."

Mayoor School Jaipur is pledged to create a holistic difference in the way the growing years of a child are approached.

Beyond education and curriculum or co-curricular activities, it is the idea of self and the knowledge of keeping one's spirit ignited at all times that is what we aim to imbibe in every Mayoorite. We aim to instil the core values that create a good human as a primary objective, beyond grades and certificates and trophies, an excellent individual in the first place.

VALUES THAT CREATE ETHOS

Education should empower you and enable you to carry values and morals deep in your heart that let your unique persona shine through. Mayoor School Jaipur has its unique set of values that create the ethos of distinction and value for our students.

EMPATHY

Empathy helps in making better decisions by allowing individuals to understand and take into account the perspectives and feelings of others. This can lead to more inclusive and fair decision-making, as well as an increased ability to anticipate and address the potential consequences of a decision on those it may affect. Empathy also helps in building trust and cooperation with others.

INTEGRITY

Integrity can help an individual fully rejoice in their achievements by providing a sense of self- respect and self-worth. When a person acts with integrity, they are making choices that align with their values and beliefs. When one achieves something with integrity, they can be confident that the achievement was earned through honest and fair means, which can increase the sense of pride and happiness in the accomplishment.

PERSEVERANCE

Perseverance is the ability to persist in the face of adversity and to maintain motivation and determination in the face of setbacks. Without perseverance, even the most passionate person may give up when faced with obstacles, while a person with perseverance and grit may continue to work towards their goal despite difficulties. In other words, Passion can ignite the fire, but perseverance keeps it burning.

AUTONOMY

Autonomy is necessary in learning because it leads to greater engagement, motivation, and ownership of the material. When people have autonomy in their learning, they can set their own goals, select their own activities and manage their own time, which can lead to a deeper and more meaningful understanding of the subject as well as their ability to transfer their learning to new and unfamiliar situations.

VALUE AND OUTCOME BASED EDUCATION

Value-based education (VBE) aims to cultivate strong character and social responsibility in students. By emphasising values and virtues, VBE prepares students to make ethical decisions and positively impact their communities. Mayoor School Jaipur is committed to this approach.

Mayoor School Jaipur is pioneering an **integrated curriculum** that combines NEP-2020 and Cambridge Learning Objectives, based on the principles of Outcome-based Education (OBE). This approach prioritises clearly defined and measurable learning goals, and uses them to guide educational programs. Outcome-based education (OBE) can have several benefits, including:

DEFINED GOALS

Clear learning goals for students, make it easier to understand what they are working towards and why it is important.

IMPROVED OUTCOMES

Focus on specific outcomes ensures that students are learning what they need to know instead of completing a syllabus.

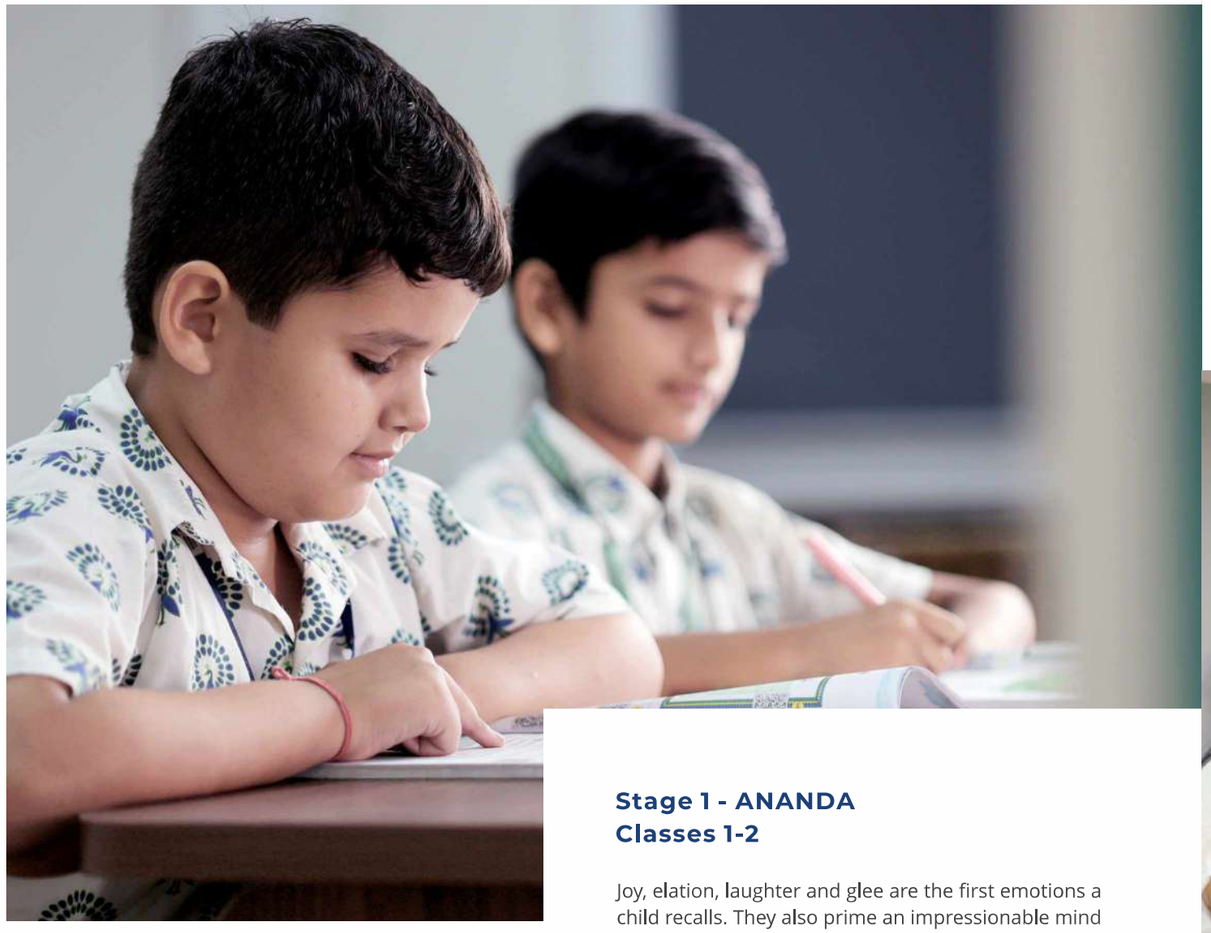

GREATER FLEXIBILITY

Flexible approach to education, as it can be customised to meet the needs of individual learners or groups of learners.

GREATER ENGAGEMENT

Emphasis on outcomes and skills that are relevant and meaningful to students, increasing student engagement and motivation.

EDUCATIONAL PATHWAY

OUR CURRICULUM

Mayoor School Jaipur offers its students the option of opting for the CBSE curriculum along with the internationally acclaimed Cambridge Assessment International Education Pathway.

Stage 1 - ANANDA
Classes 1-2

Joy, elation, laughter and glee are the first emotions a child recalls. They also prime an impressionable mind to accept a teacher. We call this initial phase of enchantment and bliss, 'Ananda'!

Stage 2 - KALPANA
Classes 3-5

Create imaginary worldviews and explore outlandish ideas before sensibility begins to set in. Flights of fancy and dreaming drive the core mental activity. 'Kalpana', the innate power of the mind.

Stage 3 - JIGYASA
Classes 6-8

A wealth of experiences leads to healthy interest. This is the right moment for introducing elements of scientific enquiry and research as a growing mind has a growing 'Jigyasa' for knowledge.

Stage 4 - SADHANA
Classes 9-12

The need to showcase skill and talent sets in. Performing to the best of one's capabilities via practice and perseverance enhances the mind and the soul. This phase of 'Sadhana' empowers the self in totality.

Mayoor School Jaipur has opted for an integrated curriculum as it addresses the shortcomings of traditional curriculums like CBSE and Cambridge. It has been observed that CBSE till grade 8th is not challenging enough for students, leading to boredom and disengagement. The sudden rise in the study level after grade 8th leads to memorization rather than understanding, resulting in weak foundations. On the other hand, if a student opts for Cambridge curriculum, they may miss out on crucial Indian context.

An integrated curriculum overcomes these issues by covering a broad range of subjects and topics, making learning more engaging and challenging. It helps students develop a strong foundation and a better understanding of concepts, thus avoiding the need for memorization. Mayoor School Jaipur believes that an integrated curriculum prepares students better for higher education and helps them succeed in a constantly evolving world.

STUDENT DEVELOPMENT OBJECTIVE

DEVELOPING COMPETENCE

Students aim to gain the skills and knowledge necessary for success in school, work, and life, including technical and broader skills such as problem- solving and critical thinking. This competence enables them to navigate challenges, adapt to change, and contribute to their communities while achieving personal goals.

MANAGING EMOTIONS

Emotional regulation and self- management help students make healthy choices, handle stress, and regulate behaviour. Developing these skills improves academic concentration, fosters positive relationships, and promotes resilience for personal and professional success.

BECOMING AUTONOMOUS

Autonomy helps students become self- sufficient adults by developing their independence and self-determination. They learn to make their own decisions, take initiative, and work towards their goals, leading to motivation, confidence, and a sense of purpose for success in school and life.

ESTABLISHING IDENTITY

Identity formation is crucial for students to understand themselves and their values, leading to a sense of direction and purpose in life. It includes factors such as gender, culture, values, beliefs, and interests and helps students make informed decisions about education and career paths while feeling connected to their communities.

CLARIFYING PURPOSE

Clear sense of purpose helps students find meaning and direction in their lives, providing motivation and focus for informed decisions about education and careers. It fosters engagement and identity, and promotes resilience and perseverance by recognizing the long- term benefits of their efforts.

DEVELOPING INTEGRITY

Integrity helps students become responsible, trustworthy individuals who make good decisions and stand up for their beliefs. It fosters honesty, accountability, and good character, enabling them to build positive relationships, gain respect, and contribute meaningfully to their communities.

INFRASTRUCTURE

LIBRARY

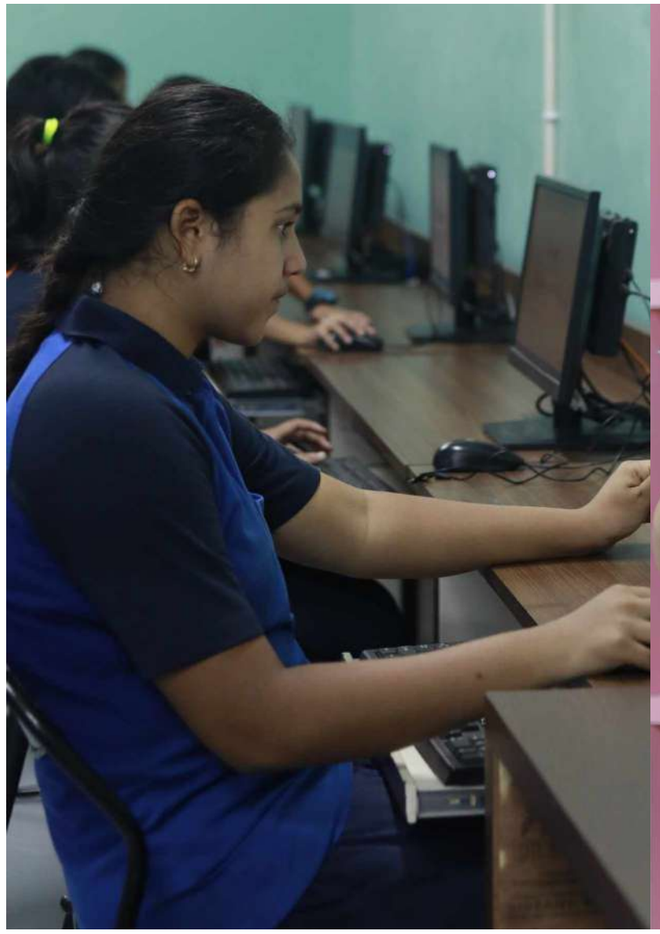

Our school strongly promotes a love of reading and believes that books are essential for personal growth and the development of strong communication skills. We work with trained professionals to guide students on their journey of self-discovery, helping them discover their inherent abilities, natural interests, a sense of purpose. Through reading, students can expand their perspectives and form their own unique identities.

COMPUTER LABS

Separate Computer Labs in Pre-Primary, Primary, Middle and Senior blocks ensure that every student gets to use the computers in their assigned period. These labs are fully equipped with the latest hardware, software and networking.

COUNSELLING CELL

It provides support to students, faculty, and staff in addressing a range of issues, including learning difficulties, relationship conflicts, and behavioural concerns. The school counsellor works to help individuals overcome challenges and improve their overall wellbeing. The cell also offers guidance to those seeking to improve their personality and navigate life's challenges.

DIGITAL LEARNING

Mayoor brings in innovative teaching strategies. Digital learning in Mayoor is child-centred, activity based and participative in nature. Smart classes make teaching more interesting, interactive and effective.

AUDITORIUMS

Mayoor School Jaipur has four large auditoriums with seating capacity of 600, 300, 200 and 100 respectively.

S.T.E.M. & ROBOTICS LAB

The lab is equipped with individual workstations for students to conduct research, experiments, and create innovative projects, including robots. There are enough laptops available for students to use, as well as Brickbased and Humanoid-Based Kits that can be used to make 60 and 40 types of robots, respectively.

ACADEMICS LAB

SST Lab: The Geography Lab is designed to create a positive learning environment for students. It features a permanent display of maps, charts, and other visuals to enhance the teaching of social studies.

Psychology Lab: The Psychology Lab is an essential component of the study of psychology, providing students with the opportunity to conduct experiments and tests related to their coursework. The lab is equipped with various psychological tools and tests, including those related to intelligence, aptitude, and emotional intelligence. It is also used by the school counsellor to conduct experiments and studies.

Maths Lab: Under 'Learning by Doing', the Mathematics Lab brings alive the concepts of Arithmetic, Algebra, Geometry and Trigonometry as lessons are supplemented by interesting activities and resources available here. Students find these activities interesting and learning becomes long-lasting.

Science Labs: The basic purpose of Science Labs is to prepare children for life by instilling in them an approach to analysing problems and finding solutions on their own. Science Labs help in developing critical thinking and bringing forth the 'Scientist' in every child.

INFIRMARY

The school Infirmary is a medical facility for students on campus. It is equipped with beds and necessary equipment, and staffed by doctors. Regular medical check-ups are conducted, and if a student requires further attention, the school will inform the parents.

CO-CURRICULAR ACTIVITIES

#Mayoorites inAction

FIELD TRIPS

Field trips that ignite a sense of adventure and inspire the love of trekking amongst our students are a regular feature at Mayoor School Jaipur. The idea of being one with nature and appreciating the natural beauty around us is at the core of such exercises. Trips to nearby forest areas and wildlife sanctuaries are regularly organised.

MUSIC

The language of the universe, music speaks through us and reaches our souls. At Mayoor School Jaipur, we are committed to helping our students discover the magic of music. Our highly skilled teachers and trainers from reputed music colleges and gharanas work with our students to hone their musical talents in both Indian classical and Western music, in both vocals and diverse instrumental streams.

But that's not all. Our music program also includes training in digital music composition. Our students have access to the latest technology and software, allowing them to create, produce and record their own music. Whether it's producing their own tracks, mixing sounds or mastering recordings, our students can unleash their creativity and explore new horizons. So, if you're looking for a school that offers a comprehensive music education, Mayoor School Jaipur is the place to be.

ART & CRAFT

The Art school incorporates facilities for Painting, Sculpture and Crafts. Weaving, metal craft, ceramics, terracotta, origami, printmaking and designing are some of the activities popular with students in the craft section. Senior students can opt for Painting and Sculpture as optional subjects. The school offers courses in Applied and Commercial Art too.

DANCE

Dance has various forms, styles and influences. From classical to contemporary, we at Mayoor School Jaipur offer our students the best of mentors and teachers who shape the future of their respective dancing talent.

MONTHLY COMPETITION

Right from the assembly to the playing pavilion, the spirit of healthy competition and exhibition of skill & talent are a regular feature at Mayoor School Jaipur. Monthly competitions in all educational streams, co-curricular activities, sports, dance, art & craft etc. encompass a plethora of options for the students to register their participation. To encourage experiential learning amongst our students, we also organise competitions that require the demonstration of a particular skill. Competitive events like Junior Chef, Amateur Photographer, The Little Novelist, Leaders of Tomorrow and other such conceptual initiatives are a regular feature at the school.

VALUE EDUCATION CLASSES

We are all born unique. We have our own thoughts about the world. But at the same time, we are all born different too. If we keep aside the differences and look at all the rest that's there in common, then we succeed as responsible and socially admired individuals. We learn the key principles of tolerance and understanding which weighs above and beyond our political, cultural and religious differences. Value education classes at Mayoor School Jaipur aim to create that conscience and culture of morality in each student.

CLUBS

MATHS AND SCIENCE

Children learn Mathematical skills through various ways like Quiz, Problem solving, Application, Model making, Performance task, Origami and Mathematics through music. Curiosity and innovation thrive in the Science Club, a dynamic community where students can explore the fascinating world of science beyond the classroom and come together to explore the secrets of the universe.

VISUAL & PERFORMING ARTS

At Mayoor School Jaipur, the Visual Arts Club is a vibrant sanctuary for students passionate about all forms of visual expression. The club members engage in activities such as painting, drawing, sculpture. These hands-on sessions allow students to experiment and discover their unique artistic voices. The Performing Arts Club is a community for students who love to express themselves through drama, dance, music, and more. The club provides a creative outlet for performers of all backgrounds and skill levels, fostering a love for the performing arts.

TECH & STEM

In a world increasingly driven by technology, our school's Tech Club is at the forefront of innovation and creativity. The club serves as a platform for students to explore the latest trends in technology, coding, digital media and an opportunity to learn photography and robotics, allowing them to explore their interests. The STEM Club is a vibrant hub for students passionate about science, engineering, and mathematics. The club is dedicated to fostering creativity, problem-solving skills, and collaboration among students of all grades.

HERITAGE & ECO

The pink city we live in is a world heritage city, all of it is a treasure trove of cultural timelessness. The Heritage Club at Mayoor School Jaipur connects the students with the rich and varied Jaipur. Excursions, walks and tours to heritage spots are planned through the club's initiative. The Eco Club is a passionate community dedicated to promoting sustainability and environmental stewardship. The club acts as a platform for students who want to make a positive impact on our planet while learning about eco-friendly practices.

SPICE & HOSPITALITY

Your passion for tasteful recipes and mastery over methods to create delicious food are amplified and evolved at the Spice Club. You learn to cook, learn about nutrition, home gardening etc. The Hospitality Club is a welcoming community where students can explore the exciting fields of hospitality, food service, and tourism. The club inspires students to develop skills in service, management, and event planning while fostering a love for creating memorable experiences.

QUEST & GENERAL KNOWLEDGE

Conserving our nature and creating a tradition to value & work towards saving the future of our planet is an objective we wish to inculcate in every Mayoorite. Our Go Green Campaign envisions planting 1 lakh trees by the end of this calendar year.

THEATRE & LITERARY

Bringing out the playwrights and performers in the field of theatre is the key objective of the Theatre Club. Plays ranging from modern contemporary subjects to classic English plays are all practised and performed by the club. Students who share a passion for reading, writing, and the arts of storytelling form the Literary Club. The club is dedicated to exploring various literary genres, enhancing writing - speaking skills, and fostering a love for literature.

CHESS

Languages taught help students develop skills for Report writing, Public speaking, Book reading & Critical review, Role play, Dramatics, Ad making, Group discussion and Recitation.

SPORTS

Sports teaches valuable skills like teamwork, perseverance, and time management, while also promoting physical health and overall well-being. At Mayoor School Jaipur, all students participate in various sports to promote a sense of community and diversity. For students, sports can provide an outlet for stress and help develop self-confidence and leadership abilities. Knowledgeable, experienced, and trained coaches provide guidance and support on proper techniques and strategies.

SAFE CAMPUS & TRANSPORT

At Mayoor School Jaipur, we place safety at the forefront of our commitment to students and parents alike. We understand that ensuring the well-being of our students is a shared responsibility, encompassing not only our campus but also their journeys to and from school. Our dedication to safety is evident in the robust measures we've implemented, both on our campus and within our transport services. This commitment forms the bedrock of our students' academic, emotional, and social development.
Our Safety Measures Include:

On Campus:

- CCTV Surveillance
- Supportive Community
- Regular Safe Campus
- Training

In Transport:

- Air-Conditioned Buses
- ABS, GPS, and Fire Fighting
- Systems Experienced Drivers

OTHER FACILITIES

At Mayoor School Jaipur, we are proud to announce that we have introduced Day Boarding and Hostel facilities, offering our students a comprehensive and enriching educational experience. These facilities are designed to cater to the diverse needs of our students, providing them with a nurturing environment that extends beyond regular school hours.

DAY BOARDING FACILITIES

Our Day Boarding program ensures that students have access to a variety of amenities, including a paid canteen offering a range of snacks and nutritious meals. This enables us to provide wholesome nutrition throughout the day, supporting our students' overall well-being. Additionally, we understand the importance of extracurricular activities, and our Day Boarding program includes a diverse range of recreational and innovative activities to keep students actively engaged.

RESIDENTIAL FACILITIES

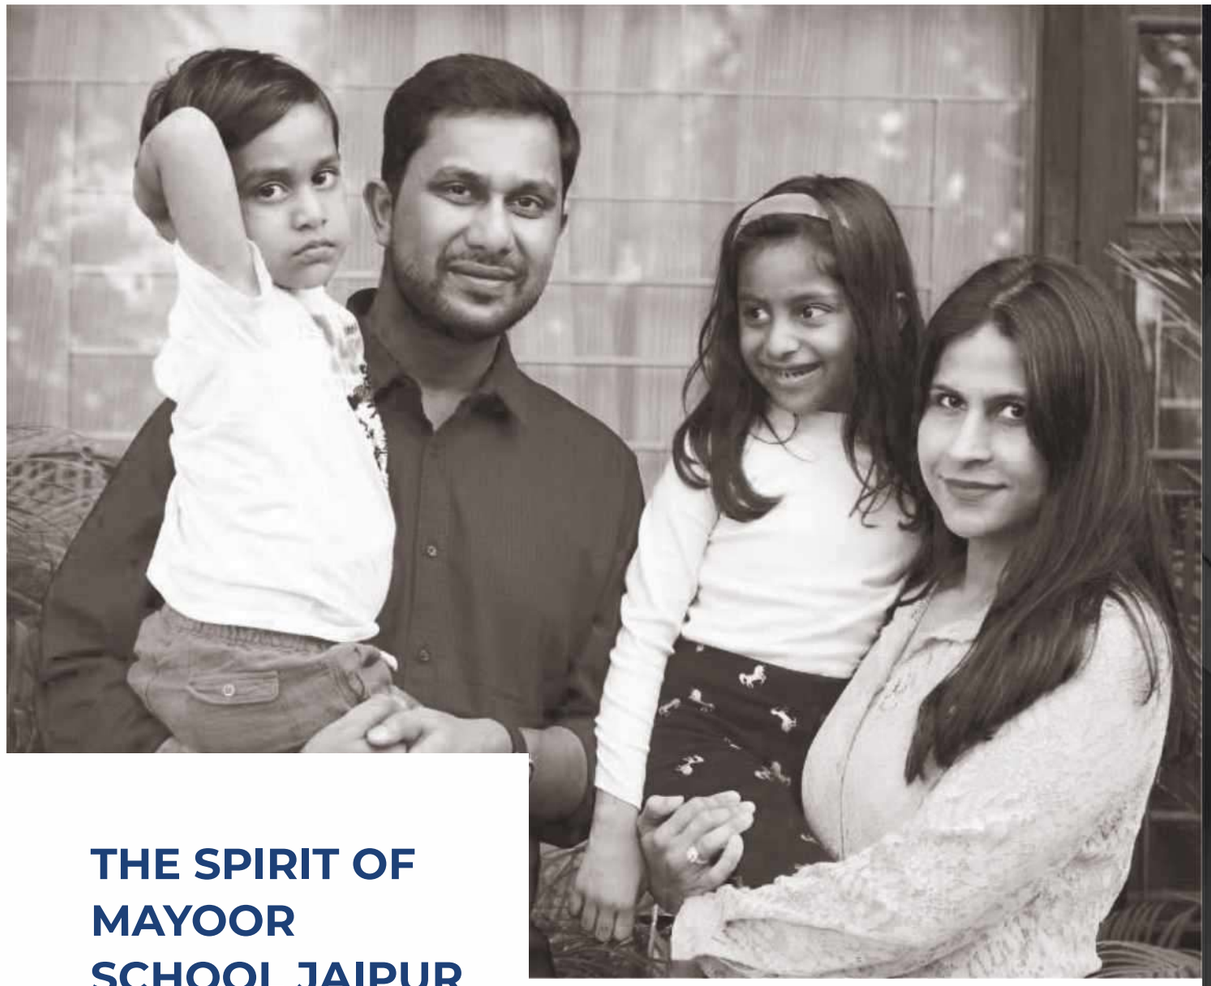

For those seeking Hostel facilities, we offer a safe and comfortable home away from home. Our Hostel provides a supportive environment where students can focus on their studies while also enjoying a sense of community and camaraderie.

Mayo College General Council

Mayoor School Jaipur proudly stands in collaboration with **Mayo College General Council, Ajmer.** Our mission is to nurture self-motivated, creative, empathetic, and cognitively sharp citizens. Mayoor School Jaipur provides a conducive environment for students to realize their highest potential through personalized, experiential, and creative pedagogies.

150 years of Mayo College, Ajmer amplifies the idea of promoting equal opportunities for education to one and all.

THE SPIRIT OF MAYOOR SCHOOL JAIPUR

Naman Kandoi comes from the third generation of the family. Born in Jaipur and educated across the country andthe world. His early education was at three of the best schools of the Indian education system - St. Xavier's, The Doon School, DPS RKPuram.

His academic qualifications are:

- BS Mechanical Engineering - Purdue University, USA
- M.Sc. Innovation, Entrepreneurship and Management - Imperial College London, UK
- PGP AI and Machine Learning - Purdue University, USA

He has also worked with Educational Initiatives (creators of ASSET/Mindspark) in partnership with CBSE as the Senior Project Manager to transform the CBSE Board Exams.

With academic exposure in engineering, economics, innovation, design and management - Naman's mission is to empower students with the light of education.
